School Annual Education Report (AER) Cover Letter

April 10, 2019

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2018-19 educational progress for the SRESD Student Learning Center West. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Katherine Hodge for assistance.

The AER is available for you to review electronically by visiting the following web site <http://www.sresd.org> or you may review a copy in the principal's office at your child's school.

For the 2018-19 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

* Note TSI and ATS definitions were changed for the 2018-19 school year per federal requirements. The new definitions are:

TSI – The school has at least one subgroup performing in the bottom 25% within each applicable accountability index component.

ATS – The school has met the criteria for TSI identification and has at least one subgroup performing at the same level as a CSI school.

Our school was identified as a School that has not been given one of these labels.

In the emotionally impaired programs our teachers are collaborating with each other to provide students intensive interventions that will facilitate re-entry into their local district once behaviors are under better control. Interventions are both academic and behavioral. As a result we have been able to successfully return 5 students to their local district in one year.

The moderately cognitively impaired program has started to align instruction from kindergarten to grade 12 to maximize skills learned in a cohesive manner.

Our young adult programs has added several work sites for students to learn employability skills

We are currently in the final year of a five year school improvement plan and is directed by department need and the Michigan School Improvement and Comprehensive Needs Assessment. Our overall goal is to help students become as independent as possible within the school, home and community. To work toward this goal, both specific impairment as well as cross-department goals have been established.

State law requires that we also report additional information.

1. Enrollment process:

Shiawassee RESD works with Shiawassee County local districts to provide center based programs and services to students, as determined through the IEP process. The Student Learning Center does not enroll students independent of local district involvement. Parents interested in enrolling students into the Center Based Programs should contact their local Special Education Supervisor.

2. Status of the School Improvement Plan

We are in the final year of a five year plan working on the following goals:

- a. ELA: Communication Goals:
- b. Math: Preparation for Graduation or Daily Living Skills
- c. Science: Understanding Role in the Environment
- d. Social Studies for Affective and Social Skills Development

Achievement will be based on a multiple of sources/types of data drawn from each students IEP.

3. SRESD special education programs serves students in and from the eight local school districts in Shiawassee County ranging in age from birth to 26 years old. The Learning Center staff work with local districts and families to provide center-based programs and services to students, as determined through the IEP process. Services are provided to students who are eligible to receive services under the categories of moderate and severe cognitive impairments, severe multiple impairments, autism spectrum disorders, and emotional impairments. Student Learning Center does not enroll students independent of local involvement.

4. The Student Learning Center's academic focus aligns with the State Common Core Curriculum. Expectations are adapted to meet the individual needs of each student. Participation and Supported Independence Supports are used to support the Core Curriculum for the Severely Cognitively and Moderately Cognitively Impaired programs. The programs for the Emotionally Impaired follow the state standards. Each classroom incorporates lessons in literacy, math, science, social studies, and functional daily skills. IEP goals are individualized and supported throughout the day.

5. in the school year 2018-2019 there were:
 - 10 students assessed in early literacy
 - 7 students took the PSAT 8
 - 2 students took the PSAT 9
 - 2 students took the PSAT 10
 - 6 students took the SAT and work keys
 - 40 students are taking the M-Step
 - 14 students are taking MiAccess Functional
 - 39 Students are taking MiAccess Supported
 - 9 students are taking MiAccess Participation

There are currently no students at the SRES D Student Learning Center West who are in dual enrollment.

- a. There are currently no students or classes offered in AP or IB
- b. There are currently no students taking classes that have college credits

We are proud of the accomplishments our students make each year as they work towards independence. We value the input we receive from parent's guardians and community members.

Sincerely,

Katherine Hodge
SLC-West Principal
